### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The primary reason for allowance is that the prior art of record does not disclose or suggest a process for recovery oil from a residual oil wherein a mixture of oil vapor and gas from a mixer is partially condensed in a column while adding gas or water vapor to the column for reducing partial pressure and wherein a high boiling fraction is extracted from the column and non-condensed gas and oil vapor are evacuated from the column.

Weiss et al. (US 6,841,064) disclose a process for recovery oil for residual oil as claimed. However, Weiss does not teach a step of partially condensed a mixture of oil vapor and gas in a column while adding gas or water vapor to the column for reducing partial pressure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to TAM M. NGUYEN whose telephone number is (571)272-1452. The examiner can normally be reached on Monday through Thursday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Glenn Caldarola can be reached on (571) 272-1444. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
